

Metal Impeller Fan series

金屬葉輪系列

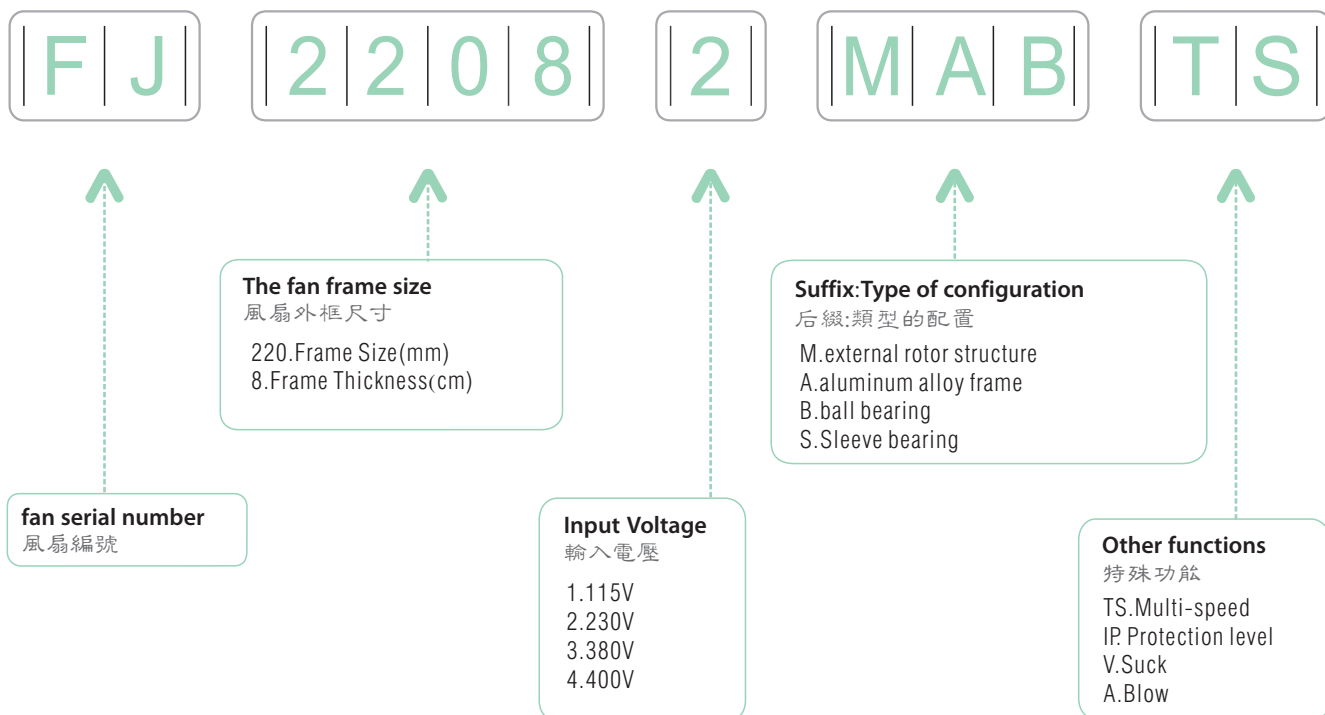

- Compact configuration can save much installation space.
- Flange frame ensures easy installation.
- Various kinds of design provides you choices for different voltages and speeds.
- Overload and locked rotor protection.
- Different speeds and airflow is available by circuit design modulation.
- IP55 grade fan is available.
- Wide choice for fan accessories: different sizes of metal finger guards, plastic finger guards, filter pad, air filter, connection wires and so on.
- The fans have approvals of TUV, CSA, CE,CCC and RoHS.

- 緊湊的外形更好的節約安裝空間
- 發蘭式框使安裝非常簡單
- 多品種的設計,可以提供各種電壓和轉速的選擇
- 過載保護和堵轉保護
- 可通過電路設計調制,實現幾種速度的轉速和風量
- 可提供防護等級為IP55的風機
- 提供很多的風機配件,不同型號的金屬網罩, 塑料網罩, 過濾網, 過濾器, 連接電綫及其他的零件
- 獲得TUV,CSA,CE,CCC和RoHS認證

Common Models description

常規型號說明

References are based on the frame dimension, which helps you quickly select the best choice for your installation.

引用基于外壳尺寸,這能讓你快速選擇你安裝的最佳選擇

Example:

When your installation space is enough for dimension 280*280*80mm, please choose FJ2808

當你安裝空間足夠尺寸 280X280X80mm,請選擇 FJ2808

When you want to choose 220V, frame dimension 220*220*80mm, motor controlled by three rated speeds, please choose model FJ22082MABTS

當你選擇電壓 220V 外框尺寸 220X220X80mm,馬達需要三種額定速度控制時請選擇 FJ22082MABTS

We can customize your unconventional products.
